Hard Skills

Figma, GitHub,Git,Notion,Postman

JavaScript (React.js, Node.js, Express.js, TypeScript)

HTML, CSS, SCSS

MySQL, MongoDB

Language

Language	Level
English(B2)	●●●●○
German(A1)	●●○○○
Ukrainan(Native)	●●●●●

Soft Skills

- ■ Communication
- ■ Problem-Solving Skills
- ■ Collaboration and Teamwork
- ■ Adaptability

Education

Medium   **2012 - 2023**
NVP №32, Poltava
School with in-depth study of mathematical sciences and programming

High   **2023 - 2027**
National Technical University of Ukraine 'Kyiv Polytechnic Institute', Kyiv
Bachelor of Information Systems and Technologies
The first in the success rating for 3 semesters

Experience

FictAdvisor(Front-End Developper)   **2023 - 2024**
Kyiv
During my role as a **Front-End Developer** at **FICT Advisor**, I was responsible for the following:

- **User Interface Development and Maintenance**: Designed and developed modern, responsive, and user-friendly interfaces for the web application using HTML, CSS (SASS/SCSS), and JavaScript (React.js).
- **Performance Optimization**: Ensured fast page loading and high application performance by implementing efficient coding practices and optimizing assets.
- **Collaborating with Cross-Functional Teams**: Worked closely with back-end developers, designers, and stakeholders to align front-end functionality with business goals.
- **Implementation of Best Practices**: Followed industry standards and best practices to create maintainable, scalable, and accessible front-end code.
- **Testing and Debugging**: Conducted thorough testing and debugging to ensure the reliability and compatibility of the application across various devices and browsers.

Internatinal Udemy Internship in educational curse   **2024 - 2025**
Kyiv
Key Responsibilities and Achievements:

- Engaged in the creation, optimization, and curation of diverse educational content across multiple domains, with a primary focus on web development and programming.
- Successfully completed various hands-on projects and exercises, applying knowledge gained from extensive coursework to build real-world applications.
- Demonstrated proficiency in modern technologies, including JavaScript, React, Node.js, and MongoDB, through guided projects and self-driven tasks.
- Actively participated in peer-learning groups and forums to collaborate with an international cohort of learners and developers.
- Delivered high-quality outcomes by adhering to project timelines, refining technical expertise, and adopting industry best practices.
- Developed strong self-discipline, adaptability, and problem-solving skills through self-paced learning and continuous evaluation.
